

Our team is your team. One investment at a time.

We're not just another "deal shop," we're a software-focused private equity firm 100% committed to aligning our most experienced people with a select group of companies. We believe that uncompromising integrity, humility and transparency create successful partnerships. We encourage you to learn more about what it's like to work with us from the people who know us best: our executive teams, company founders and investors.

Our Firm

- Currently investing out of Fund II (\$500M) and recently closed Fund III at \$800M
- We have a team of 35+ people, primarily Atlanta-based + Austin, Silicon Valley & London and have an integrated, in-house operating team with a history of successful value creation
- To-date, we have completed 15 platform investments and 16 add-on acquisitions

Investment Criteria

	Business Profile (Platform Investments)	<ul style="list-style-type: none">▪ Capital efficient businesses with \$5-30M revenue (scale is flexible for add-ons), majority of which is recurring▪ Potential for market or segment leadership▪ Compelling organic and inorganic (M&A) growth thesis
	Segments	<ul style="list-style-type: none">▪ Application software▪ IT Infrastructure software / developer tools▪ Information / data / analytics software and tech-enabled services
	Deal Type	<ul style="list-style-type: none">▪ Primarily focused on majority recapitalizations; will consider minority growth capital investments▪ Founder-owned businesses, carve-outs and previously-backed companies

The Resurgens Approach

Our approach is rooted in our unequivocal commitment to actively contributing to value creation at each of our portfolio companies. There is no "playbook" that we follow — each company is unique with its own set of challenges and opportunities. Applying our team's collective experience, with deep operating and consulting experience in software, we help management make operational improvements focused on growth opportunities, primarily in these categories:

Investment in Products/R&D	Alignment of World-Class Talent	Go-to-Market and Operations Support	M&A Strategy Execution
-------------------------------	------------------------------------	--	---------------------------

- Application components (reporting, visualization, OCR, etc.)
- Form builder solution

mcim24x7.com

RTP initial investment date: December 2022

MCIM is a provider of end-to-end maintenance, operations, and facility management software for mission-critical facilities. MCIM serves customers in an array of industries including financial services, data center co-location, telecom, technology, manufacturing, and healthcare.

Current Add-on Acquisition Criteria:

- Facility mgmt. (FMS), enterprise asset mgmt. (EAM) and/or computerized maintenance mgmt. (CMMS) software, particularly for critical infrastructure environments
- Data center infrastructure management (DCIM) software
- Commissioning and site selection solutions / data products focused on the global data center market

detection.com

RTP initial investment date: June 2023

Detection Technologies provides remote asset monitoring and optimization software for the Oil & Gas industry. The company offers a complementary suite of products including remote asset monitoring, asset performance management, and field service management technologies which enable energy companies to drive efficiency in their field operations.

EZ Ops was acquired by Detection in July 2024.

Current Add-on Acquisition Criteria:

- Remote asset monitoring, optimization, or field mobility focused on upstream and midstream oil and gas

valant.io

RTP initial investment date: November 2023

Valant provides behavioral health providers in solo and group practices with software to streamline administration and, most critically, improve patient outcomes. Its integrated solution allows clinics to provide better care, run a smoother and more efficient operation, and ensure full compliance with applicable laws and regulations.

Current Add-on Acquisition Criteria:

- Revenue cycle mgmt. offerings focused on behavioral health
- Adjacent practice mgmt. / EHR products in sub-segments such as substance abuse, ABA, etc.

avantra.com

RTP initial investment date: September 2024

Avantra is an AIOps platform for SAP operations enabling hyperautomation while transforming operations from reactive to proactive. Avantra delivers time savings across the business, is a consistency builder that helps avoid human error, helps assure quality with out of the box practice, and has one single point for truth - significantly reducing downtime.

Current Add-on Acquisition Criteria:

- IT infrastructure and data governance solutions focused on SAP

relayhub.com

RTP initial investment date: October 2024

Relay is a provider of Medicaid reimbursement software for K-12 school districts. The platform enables schools to reduce their administrative burden by streamlining documentation, efficiently generating Medicaid claims, ensuring compliance and providing visibility and insights into service delivery.

Current Add-on Acquisition Criteria:

- School-based service documentation and Medicaid billing solutions
- Adjacent software solutions with a focus on special education departments or other specialized services (mental health, nursing, speech, PT, OT, etc.)

movemedical.com

RTP initial investment date: October 2024

Movemedical delivers comprehensive visibility and control over medical device manufacturing, storage, and distribution. With the support of our longstanding clients, Movemedical seeks to optimize inventory management, reduce waste, and improve operational efficiency across the entire supply chain, empowering the field, healthcare professionals, and providers to focus on what matters most—patient care.

Current Add-on Acquisition Criteria:

- Supply chain and inventory management solutions for medical devices, serving both medical device manufacturers and/or healthcare providers
