The Resurgens Approach

Our approach is grounded in a clear commitment to actively driving value creation across each of our portfolio companies. We don't adhere to a "one-size-fits-all" playbook—every company has its own unique challenges and opportunities. With that in mind, we have assembled one of the largest and most experienced operating teams, relative to our fund size and number of portfolio companies, that leverage their experience to drive operational improvements in conjunction with management. Key focus areas include:

Investment in Products/R&D	Alignment of World-Class Talent	Go-to-Market and Operations Support	M&A Strategy Execution
